## SALE OF FLOUR WITHOUT SUBSTITUTE BEING INVESTIGATED

County Food Administrator Investigates Charges Against Mason County People That They Purchased Flour Without Prescribed Substitutes

For the past few days County Food Administrator W. D. Cochran has been very busy hearing testimony on the alleged sale of flour in quantities larger than the Food Administration permits and without substitutes and has now all of the evidence before him and may fix some punishment within the next few days.

It is said that Mr. M. T. Goddard, of the Eastern section of the county, had a quantity of rejected wheat and Food Administrator Cochran instructed him to have the wheat ground and dispose of it through the merchants in his section as prescribed by the Food Administration rulings. However, it is said Mr. Goddard had the flour ground at the Orangeburg mill and then sold the flour himself without the prescribed substitutes to J. W. Wallinford, Russell Wallinford, Charles Breeze, Esth Breeze, William T. Breeze, B. G. Applegate, Barnes O'Neil and C. D. Jones in lots of from one-quarter to one barrel.

As yet Food Administrator Cochran has fixed no punishment.

### YOUNGSTERS ANXIOUS ABOUT HELPERS

The young farmers of the county who purchased helpers and became members of the Mason County Helper Club last year are very anxious about the sale of their stock which will be held at the Home Warehouse in a short time. It is understood that many of the young men have become so attached to their helpers that they will make every effort to purchase them themselves.

The Working Society of the First Presbyterian Church will meet tomorrow, Thursday afternoon, instead of Friday afternoon. All members are asked to attend.

Handkerchief linen and sports silk combined make a charming afternoon gown.

### DAULTON WILL CASE IS BEING TRIED HERE

Contest Over the Will of the Late Mrs. Emily Daulton Is Being Heard In Circuit Court—Same Thirty Witnesses to Testify.

The case of R. M. Harrison and others vs. Elizabeth Mantion and others, which is a suit to break the will of the late Mrs. Emily Daulton of the county, was begun in the Mason Circuit Court this morning and will probably take up the time of the court for the next several days.

It will be remembered that when Mrs. Daulton, who was the widow of the late Delmore Daulton, died several months ago she willed the most of her property to her niece, Mrs. Elizabeth Mantion, of this city. Mrs. Daulton was a sister of Messrs. R. M. and Stevenson Harrison, of this city and they contended that the most of her wealth was acquired from the original Harrison estate and filed suit to break the will.

There are some thirty or more witnesses to testify and the case will likely occupy several days of the court's time. Messrs. Collins and Grannis represent the plaintiffs and Messrs. McCartney and W. D. Cochran represent the defendants.

Judge Newell this morning dismissed all members of the petit jury who were not engaged in this case until Monday, September 30th.

### GRAND JURY MEETS TOMORROW

The Mason County Grand Jury after a two weeks' vacation will meet again at their rooms in the Court House tomorrow and take up their work where they left off at adjournment. It is understood that the grand jury will have quite a bit of work before them but the members of the jury hope to finish in a few days.

### ALLEGED SLACKER SERVED TIME IN PEN

Ady Lee has been received here that Thomas Batis, the man who is being held in jail until receipt of word from his draft board that he has been properly registered, has just a few months ago been released from the Frankfort penitentiary. Batis served a term at Frankfort for grand larceny having been sent there from Boyd county.

### YANKS ADVANCE, TAKING VILLAGES NEAR HUN BORDER

American Guns Pounding German Villages and Enemy Falls Back to "New Hindenburg Line."

Berne, September 18 — Terror is reigning in the towns of the German Rhine region, according to travelers from Krenzlingen, notwithstanding the fact that officialdom has declared the "Franco-American push is not important."

The travelers said Germans have warned the population at Malshausen to prepare for possible evacuation.

Paris, September 18 — American forces, striking northward along the valley of the Rupt de Mad, in the direction of Gorze and Chambley have captured a series of important fortified positions, La Liberte announced today.

Gorze is seven miles southwest of Metz and a mile within the German frontier. Chambley is five miles west of Gorze.

At the same time the French, operating in the Woerre, advanced from two to three kilometers—a mile and a quarter to a mile and three-quarters.

They reached a line east of Watrouville, Hautecourt, Dleppe and Moraville, it was reported.

Dleppe is six miles northeast of Verdun. Hautecourt is three miles southeast of Dleppe. Moraville is a mile south of Hautecourt. Watrouville is three miles south of Moraville.

With the American Army on the Lorraine Front, September 18—in a driving rainstorm, a heavy artillery duel raged this morning along the Hindenburg line, in front of Metz.

Everywhere along this front the Germans have fallen back to the fortified positions known as the new Hindenburg line.

Vandieres, a village on the Moselle river, south of Metz, was captured by the Americans in a brilliant attack on Sunday afternoon. Vandieres lies just south of Pagny sur Moselle. After losing the town the Germans bombarded it with gas shells, compelling our men to evacuate it, as it lies in a valley, and the fumes were held in. But on Monday the Americans advanced again and they not only occupied the village, but passed beyond it, establishing their lines to the north of the place.

On Monday afternoon our center was advanced north of St. Beoult, inflicting a severe defeat upon a German storm battalion at Hamont. This village is now in our hands, and it has been held against a German counter attack, which was made in an effort to retake it. One of our crack divisions captured 90 guns and 3,200 prisoners.

London, September 18 — British troops captured Holnon—between two and three miles west of St. Quentin—yesterday, according to Field Marshal Haile's report, issued today.

The village of Le Verguler and Malissem also have been occupied, the three towns constituting a front of about five miles.

In this area the British are within three miles of the Hindenburg line.

According to Haile's report the attacks were renewed with success.

#### HERE'S PATRIOTIC FAMILY

Mr. Allen Hall, who lives on Clark street in Eastland, is the head of one of the most patriotic families in the city or county. Mr. Hall, who himself is a veteran of the Civil War, has four sons and 13 grandsons. In the present struggle, several of the number are now in France while others are yet in training in this country.

#### ATTENTION EAGLES

All members of Maysville Arlo 1564 F. O. E. are requested to attend special meeting tonight at 7:30 o'clock to make arrangements to attend the funeral of our late brother, Thomas Hefner.

P. F. O'NEAL, W. P.

J. L. Finnerty, Secretary.

#### FUNERAL THURSDAY

The funeral of Thomas Hefner, announcement of whose death appeared in these columns yesterday, will be held at 9 o'clock Thursday morning from St. Patrick's church and burial will be made in the Catholic cemetery at Brookville.

#### AUNT HARRIET GOES TO LEXINGTON

Aunt Harriet Gilmore Curry, local colored woman, who was tried in the Mason Circuit Court yesterday and found to be a lunatic, will be sent to the Kentucky Asylum for the Insane at Lexington. For the idiots tried yesterday committee will be appointed and they will be cared for at home.

### THORPE PLANNED ESCAPE FROM JAIL FOR MANY WEEKS

Brass Thief Who Escaped Local Jail Monday Night Had "Cut Hole Through Jail Wall and By ... Iron Pipe Was Able to ... Throw Door Lock."

"Buck" Green, local negro who is in the local jail awaiting trial on indictment for chicken stealing, today told Jaller Watson and Turnkey Gault that Jake Thorpe, who escaped from the jail Monday evening had been planning his escape for many weeks past and had urged Green to assist him so that they both could make their get away.

Green showed the Jaller a hole in the wall near the door which Thorpe had picked by the use of a small piece of iron which held back the window shutters and a heavy iron staple which he had twisted from one of the door to the cells. For many weeks, Green said, Thorpe had been working at this hole which he kept stuffed with a small piece torn from his blanket. The hole was finally large enough that he could throw the lock on the "Z" door from the inside by the means of a piece of old pipe which had been carried into the jail to him. The hole did not come entirely through the wall of the jail into the office, but went just far enough to strike the iron bar which threw the door lock and the hole was behind a heavy auxiliary door which always stood open and back against the wall so that the hole was not noticeable.

Green and the other prisoners were afraid to report Thorpe to the Jaller or his assistants for fear that Thorpe, who was a very large man, would do them some bodily harm.

After having discovered the hole in the wall and finding how it could swing the lock, this morning, Jaller Watson began an investigation of the jail and found a heavy iron cell staple which had been covered by a piece of blanket and made into a "black jack" which Thorpe is said to have kept hid. He is said to have told the prisoners that he would get out even if he had to knock Mrs. Watson down when there were no men in the office to get out.

All of the prisoners have been locked in cells and the outside jail door is kept carefully locked until the county officials have covered the hole picked by Thorpe with a heavy steel plate for anyone with the assistance of a small piece of wood or a small bar could throw the "Z" door lock from the inside of the jail.

#### MUCH DOING IN THE CITY

Today is a full day in Maysville and those seeking amusement will not have far to look for there is plenty doing on all hands. Amusements of this sort usually come in a bunch instead of this sort usually come in a bunch instead of spreading out a little so that all would get a chance at them all should their pocketbook be big enough.

#### LIBERTY BOND INTEREST IS DIS- TRIBUTED

Just when folks are beginning to think about investing in more Liberty Bonds for the fourth campaign will open in a few days, the local banks begin the distribution of interest on the bonds now held. Those owning bonds yesterday received notice from their banks that the interest earned by their bonds had been placed to their credit.

#### ATTENTION EAGLES

All members of Maysville Arlo 1564 F. O. E. are requested to attend special meeting tonight at 7:30 o'clock to make arrangements to attend the funeral of our late brother, Thomas Hefner.

P. F. O'NEAL, W. P.

## NEWSPAPERS IN THE WAR

Have you considered the important part that the newspaper man is taking in this war? We are not speaking now of the large number of editors and reporters who have enlisted and are today wearing the nation's uniform, but of the work of those more mature men who have been left at home to "carry on" the important work of maintaining the morale at home. A few days ago Dayton entertained a delegation of Italian newspaper men who were touring the country. Not many months ago a party of Mexican newspaper editors visited many cities, the purpose being to bring about a closer understanding between the peoples of the two nations. A group of Swiss editors is coming to America shortly. We have entertained parties of both English and French editors within the last year and a group of Canadian newspaper men is just about to return home after an extended journey in France, Italy and England. The various nations at war each have their publicity departments. Indeed, the Kaiser is so great a believer in publicity that he has a newspaper man with him constantly.

Never before in the history of the world has there been such general recognition of the power of the press as in the present war. It even has come to be looked upon unofficially as an essential industry, and why not? But for the splendid work on last year one hesitates to speculate on what might have been our national condition today. It isn't pleasant to think about.—Dayton Herald.

## MAYSVILLE'S BIG STYLE SHOW BEING BOOSTED BY ALL

All Business Interests of the City  
United in Making the Fall Opening  
One of the Greatest Successes  
of the Year.

Maysville's business men are united in standing squarely behind the big Style Show which will be held here all of next week and to which everyone in the city, county and adjoining counties is invited. The big show will be a sort of full opening to most all of the stores who have pledged their co-operation to the managing committee in charge of the big show.

Every business man in the district will have specially decorated windows showing the latest creations in fall styles of everything and those business men whose lines do not run in style will show their latest offerings in their various lines.

All those participating in the show will have special bargains to offer at very special prices and the managers of these stores are now busily engaged in selecting some of their big bargains to offer during the week. In the next few days the advertisements of the wide awake merchants of Maysville appearing in the Public Ledger will announce the wonderful bargains that are to be offered during the special week and every reader should watch these advertisements closely so that none of the big bargains will escape them.

All arrangements have been made for the great white way on Second and Market streets on Thursday, Friday and Saturday nights of the week and the city people are urged to invite their country friends to come to Maysville during this week if they desire to see the latest fall creations and if they want to shop in the big early season bargains.

## PRICE ALLOWANCE ON EMERGENCY DELIVERIES

By an order issued by the United States Fuel Administration, effective September 5, railroad companies delivering coal to consumers by order of the United States Fuel Administration, for the purpose of relieving emergency, will be allowed to add to the cost of such coal, an amount to cover extra switching, handling, and accounting.

## COUNCIL OF NATIONAL DEFENSE ASKS FOR FUND

The Mason County Council of National Defense has asked for a donation from the County Commissioners to assist them in carrying on their work in this county. It has been suggested that the sum of \$500 be donated to this organization but as yet the County Commissioners have taken no action on the matter.

One of the most picturesque of the capes for midsummer wear is one fashioned from blue cloth and trimmed around its edge with a single line of yellow braid.

## Run-Down People

### Vinol is What You Need

Weak, run-down nervous men and women need Vinol because it contains the most famous reconstructive tonics in an agreeable and easily digested form:—Beef and Cod Liver Peptones, Iron and Manganese Peptones and Glycerophosphates.

We guarantee there is no tonic equal to Vinol.

#### HERE IS PROOF

Detroit, Mich.

"I got into a weak, run-down condition, no appetite, tired all the time and headaches—but had to work and do my housework. I read about Vinol and tried it—within two weeks I commenced to improve and now have a splendid appetite and feel stronger and better in every way."—Mrs. John F. Watson.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children there is no remedy like Vinol.

Texarkana, Texas.

"I keep house and I was weak, rundown and nervous, back ached a good deal of the time, so I would go to take care of my children and do my work—Vinol has restored my strength and my nervousness has gone, so I can do my work as well as ever. Every run-down woman should take Vinol."—Mrs. Emma Britt.

For all run-down, nervous, anaemic conditions, weak women, overworked men,

feeble old people and delicate children there is no remedy like Vinol.

## TRANSPORTATION PROBLEM REFERRED

Employment Service Refers All Labor Problems in Transportation to Council of National Defense.

The Council of National Defense authorizes the following statement:

Recognizing that the vital need for increasing transportation facilities of the country during the war may be realized only through the most efficient utilization of the highways, the United States Employment Service has instructed its representatives to refer all labor problems arising in this connection to the Highways Transport Committee, Council of National Defense, to which Committee all highways transport problems are being delegated.

The task thus delegated involves the adjustment of labor employed in any phase of transport activity, either power or horse drawn. In referring these duties to the Highways Transport Committee, J. H. Densmore, Director General, United States Employment Service has transmitted the following letter to R. C. Haagren, Secretary of Highways Transport Committee.

"Dear Sir:

"The United States Employment Service recognizes the war-time need for making the most effective and efficient utilization of our highways as a means of strengthening and increasing our transportation resources, and especially is acquainted with the valuable direction given by the Highways Transport Committee to this problem.

"We are also convinced that tonnage capacity of our highways transport resources can be greatly increased by applying all possible vehicles, horses and labor in line with national policies promulgated by you and naturally in transportation that will aid in accomplishing our war programme.

"We therefore desire to effect any adjustment of labor employed in any phase of highways transport activity, relating to either power or horse-drawn vehicles in cooperation with your national organization, rejoining on your State Highways Transport Committee to furnish the facts regarding essential highways transport activity with which our are intimately familiar and on which our state and local labor department of states may base their necessary or dera.

"We are therefore transmitting instructions to our representatives advising them that all matters touching or in any way affecting highway transport operations are to be dealt with on the advice of your organization."

## MUCH WORK AROUND NEW ELECTRIC PLANT

Much work is being done around the new electric light plant in West Second street. A new fence has been built about the property and much concreting is being done to put the front of the plant and the front of the Cotton Mill in first-class shape in every respect.

Mr. W. E. Martin, who has been at Charleston, W. Va., for past several months operating a lunch counter, has returned home and will soon open the Navarre Cafe to the public.

## OUR COLORED CITIZENS

Sergeant John M. Turner of Camp Zachary Taylor, Louisville, was home on a few days' furlough, left for his post of duty Monday morning.

The annual celebration of the Emancipation Proclamation will be held at the Bethel Baptist Church Sunday evening with appropriate exercises. There will be special quartet singing made up of prominent voices. There will also be some famous speakers on the program. Be sure to be present.

Admission, Adults 13c, War Tax 2c, Children 10c, War Tax 1c.

ROADS MUST BE  
IN CONDITION  
ALL THE YEAR

Three Hundred and Sixty-Five Day  
Roads Must be Maintained in  
the Entire Nation.

That we are coming to that time, when the 365 day road shall be existent is certain. But we must hasten its coming. The motor truck already is taking over the business of short hauling from the railroad in some parts of the country. It is necessary for it to do so. This cannot become universal, however, until 365 day roads become universal. Some of the states made this motor truck services possible last winter by constant and concerted action in keeping roads clear. Incidentally they eliminated much of the disintegration roads usually undergo with the spring thaws. But this was peculiar to only a few of the forty-eight states.

The Chamber of Commerce of the United States adopted resolutions calling for a permanent policy, that would assure co-operation of railroads, water and highways. It advocates the completion trunk highways for heavy traffic immediately wherever such will relieve congestion of traffic. The whole country is crying out for some such measures. The railroads constantly are assuming new burdens of further war supplies. The motor truck is taking its share, but the motor truck cannot assume its full share without roads that are good and permanent every day in the year.

Acid Iron Mineral is not a patent medicine, and is free from alcohol. It also guaranteed to give you satisfaction, or your money will be refunded.

Doctors of high standing are now prescribing Acid Iron Mineral in their practice because they know how valuable its iron properties are in aiding the system to get back to normal.

Your name and address will bring

literature and copies of testimonial

that will soon convince you that A-I-M is all that we claim for it, and that it helps rebuild the system, no matter how run down. Price, 50c and \$10 a bottle. If your dealer cannot supply you, send to Ferrodine Chemical Corp., Roanoke, Va., Manufacturers.

It is best to keep but one calf in a pen. The raising and feeding of the calves should be in the hands of the farmer or one of the family. Women make the best caretakers.

part. S. M. Williams, President of the Highway Industries Association, states that a recent canvass of the business men of the United States shows practically unanimous belief that highway improvement is an economic and war necessity and that construction should proceed. If the highways are to meet the traffic requirements, highways already improved should be maintained by all means. Even your community cannot build roads now those you have should be maintained. Highways in many localities are going to places on account of the tremendous increase in traffic. Many of the highways were not built to withstand present traffic demands.

Those of the future must be built to withstand such needs. That is what is meant by 365 day roads.

Today 400,000 motor trucks are in service in this country. It is estimated that by the end of the war we will have 4,000,000 in service. It is not too early now to plan for a sound program of highway development after the war but some action before the war ends is necessary if the motor vehicle is to be allowed to do its

Don't Let the Denier Sell You "Something Just not Good." There is  
No Other Remedy Than Can  
Take the Place of Acid  
Iron Mineral.

Acid Iron Mineral is incomparable for building up run-down systems, helping estuary sufferers, relieving rheumatism, and aiding sick and tired-out stomach to get back to their best condition—and we have thousands of testimonials here in our offices to back this up.

Acid Iron Mineral is not a patent medicine, and is free from alcohol. It also guaranteed to give you satisfaction, or your money will be refunded.

Doctors of high standing are now prescribing Acid Iron Mineral in their practice because they know how valuable its iron properties are in aiding the system to get back to normal.

Your name and address will bring

literature and copies of testimonial

that will soon convince you that A-I-M is all that we claim for it, and that it helps rebuild the system, no matter how run down. Price, 50c and \$10 a bottle. If your dealer cannot supply you, send to Ferrodine Chemical Corp., Roanoke, Va., Manufacturers.

It is best to keep but one calf in a pen. The raising and feeding of the calves should be in the hands of the farmer or one of the family. Women make the best caretakers.

part. S. M. Williams, President of the Highway Industries Association, states that a recent canvass of the business men of the United States shows practically unanimous belief that highway improvement is an economic and war necessity and that construction should proceed. If the highways are to meet the traffic requirements, highways already improved should be maintained by all means. Even your community cannot build roads now those you have should be maintained. Highways in many localities are going to places on account of the tremendous increase in traffic. Many of the highways were not built to withstand present traffic demands.

Those of the future must be built to withstand such needs. That is what is meant by 365 day roads.

Today 400,000 motor trucks are in service in this country. It is estimated that by the end of the war we will have 4,000,000 in service. It is not too early now to plan for a sound program of highway development after the war but some action before the war ends is necessary if the motor vehicle is to be allowed to do its

## BESSIE, THE SEA COW

Now On Exhibition at the Foot of Market Street, On Captain Thompson's Magnificent Twin Screw Boat.

Second only in interest to the big fish itself, which is attracting several thousand visitors to Capt. Thompson's yacht at the river front, foot of Market street, is the captain's marvelous marine exhibit, which is considered by many who have seen it to be one of the finest and most complete private collections in America.

Among the many rare specimens is the octopus, one of the most repulsive creatures imaginable; a devil fish, hammerhead shark, angel fish, a giant fish with a sail two and one-half feet wide; a giant barracuda over seven feet long and that weighed 140 pounds, with a mouth and teeth large enough to bite a man's arm off, to say nothing of hundreds of other marvels of the great deep, all of which are shown in their natural form and colors.

Beside the most interesting specimen is the octopus, one of the most repulsive creatures imaginable; a devil fish, hammerhead shark, angel fish, a giant fish with a sail two and one-half feet wide; a giant barracuda over seven feet long and that weighed 140 pounds, with a mouth and teeth large enough to bite a man's arm off, to say nothing of hundreds of other marvels of the great deep, all of which are shown in their natural form and colors.

There is always a crowd around the tank in which she disports herself, and many are the amusing comments made by some of those who never seem to tire of watching her to see what she is going to do next.

Another singular specimen of the collection is the baby hammerhead shark, with the singular elongated head from which it derives its name. The eyes are situated on the extreme outer edge of the "hammer," so that it can cover an unusually wide range of vision. The hammerheads grow to a length of 15 feet and bring forth their young alive.

Another singular specimen of the collection is the baby hammerhead shark, with the singular elongated head from which it derives its name. The eyes are situated on the extreme outer edge of the "hammer," so that it can cover an unusually wide range of vision. The hammerheads grow to a length of 15 feet and bring forth their young alive.

Few creatures of the sea have more horrible appearance than the octopus about which some of the most gruesome stories ever written have been told. Another interesting specimen of marine life is the giant salt fish. Captain Thompson's specimen is one of the largest ever captured on the east coast, measuring seven feet in length.

Other specimens are a giant fish, giant Jewish, leather fish, dolphins, amber jack, parrot fish, porcupine fish and others too numerous to mention, all of which are the finest specimens obtainable and in a perfect state of preservation.

The tiger or man-eating shark, of which Capt. Thompson has a very fine specimen, is the terror of the seas, growing to a length of thirty feet. They inhabit the warm waters of the tropics and often ascend the gulf stream to more northerly latitudes, where they are a menace to bathers in summer.

Capt. Thompson's monster fish, which is better known as the "Deep Sea Mystery," is declared by scientists to be the largest fish ever captured in the history of the world. It is creating a wonderful interest and discussion among all classes, and it is conservatively estimated that it will be seen by at least 50,000 people while here.

This unique collection of marine life is now on exhibition in Maysville, on board the yacht *Tamiami*, anchored at river front, foot of Market street.

Such knowledge and training cannot be given effectively in the elementary schools alone. Much of it can be given only in high schools and colleges, and to boys and girls of high school and college age.

The place which farmers hold in the affairs of the Nation and the world and the value of their work have been revealed by the war. The importance of these will not be less when the war is over. It is of the utmost importance that they be able to fill their places and do their work intelligently and well.

That they may be prepared for this, the schools for the farmers' children in small towns and villages and in the open country should be better supported and constantly improved and not boy or girl should be kept out of the elementary school or high school when attendance is possible. In so far as the draft laws and absolute necessities of the home will permit, every country boy and every country girl, who are prepared for it, should go to college, university, or normal school.

There are before us as a people now just two tasks of supreme importance: To win the war for freedom and democracy, and, let us hope, for permanent peace, and to fit ourselves and our children for life and citizenship in the new world which the war is bringing in. Both of these tasks must be performed with singleness of purpose and whole-hearted devotion to the public welfare; and no sacrifice, however, must be allowed to stand in the way of either.

## FALLING OFF IN SCHOOL ATTENDANCE SHOULD NOT BE

Commissioner of Education Issues  
Open Letter to the Citizens  
of the Nation.

Hon. P. P. Claxton, U. S. Commissioner of Education has issued the following announcement to the people of the United States:

To the Men and Women of the Farms  
of America:

In his letter to the secretary of the Interior, approving the campaign of the Bureau of Education for the support of the schools and the maintenance upon them during the war, President Wilson says: "That, in so far as the draft law will permit, there should be no falling off in attendance in the elementary schools, high schools or colleges, is a matter of the very greatest importance, affecting our strength in war and our National welfare and efficiency when the war is over." He then urges, that the people support generously their schools of all grades and adapt them as wisely as possible to the new conditions, "to the end that no boy or girl shall have less opportunity for education because of the war and that the Nation may be strengthened as it can only be through the right education of all its people."

For no part of our people is this

more important than for those who live in villages, small towns and in the open country, mostly farmers.

Whatever may have been true in former days, it has now come about that for success in their work and for good living on the farm and in the farm home, farmers and their wives need a broader, more comprehensive, and more thorough education than do men and women engaged in any other occupation and living under any other conditions. They need not only the general information and training for life and citizenship which they should have in common with all men and women, but they need also training in science and a knowledge of physics and chemistry, of soils and fertilizers, of plants and animals and their diseases and how to protect against them, of the cultivation and harvesting of crops, of marketing, of balanced rations for domestic animals, of machinery and its use and care, of the simple forms of engineering and architecture, of bookkeeping and banking, of the sanitation of the home, the care of children, and many other things on which their success and their health and happiness depend; a full round of knowledge, such as is needed for success in no other occupation. Also the farmer and the farmer's wife must know not only the separate facts of these, but the underlying principles as well, to enable them to direct their work intelligently and to adjust themselves to constantly changing conditions.

Such knowledge and training cannot be given effectively in the elementary schools alone. Much of it

can be given only in high schools and colleges, and to boys and girls of high school and college age.

The place which farmers hold in the affairs of the Nation and the world and the value of their work have been revealed by the war. The importance of these will not be less when the war is over. It is of the utmost importance that they be able to fill their places and do their work intelligently and well.

That they may be prepared for this, the schools for the farmers' children in small towns and villages and in the open country should be better supported and constantly improved and not boy or girl should be kept out of the elementary school or high school when attendance is possible. In so far as the draft laws and absolute necessities of the home will permit, every country boy and every country girl, who are prepared for it, should go to college, university, or normal school.

There are before us as a people now just two tasks of supreme importance: To win the war for freedom and democracy, and, let us hope, for permanent peace, and to fit ourselves and our children for life and citizenship in the new world which the war is bringing in. Both of these tasks must be performed with singleness of purpose and whole-hearted devotion to the public welfare; and no sacrifice, however, must be allowed to stand in the way of either.

## FROM COAST TO COAST

A Remarkable Chain of Home Testimony. And Maysville Adds Its Voice to the Grand Chorus of Local Praise.

From north to south, from east to west:

In every city, every community; in every state in the Union. Bring out the grateful praise for Doan's Kidney Pills.

50,000 representative people in every walk of life.

Publicly testify to quick relief and lasting results.

And it's all for the benefit of fellow sufferers.

In this grand chorus of local praise Maysville is well represented.

Well-known Maysville people

Tell of personal experiences.

Who can ask for better proof of merit?

Ben. P. Fleming, constable of Mason County, 212 East Lee Street, says:

"I have used Doan's Kidney Pills off and on for several years, getting them at Wood & Son's Drug Store, and they have been of great benefit. At times my kidneys have been out of order and I have suffered from a dull, constant ache through the small of my back. The kidney secretions have been irregular in passage, too. A box or so of Doan's Kidney Pills have never failed to relieve me of the complaint in a short time."

Mr. Fleming is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches; if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Fleming had—the remedy backed by home testimony. Go to all stores, Foster-Milburn Co., Prop., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

### WILLIAMS-CHARD

Miss Naomi Elizabeth Williams becomes  
Bride of Mr. Gilbert Chard  
and Happy Couple Leave For  
Long Wedding Trip to  
the West.

Mr. Naomi Elizabeth Williams and  
Mr. Gilbert Chard were married this  
afternoon at 3 o'clock at the home of  
the bride's uncle and aunt, Mr. and  
Mrs. William Taile in the East End.  
Only the relatives and immediate  
friends of the couple were present.  
The ceremony was performed by Dr.  
J. J. Diekey, pastor of the Second M.  
E. Church, South.

The bride who is 18 years of age is  
the daughter of Mr. Frank Williams  
but for a number of years has made  
her home with Mr. and Mrs. Tolle.  
She is attractive and accomplished  
and numbers her friends by the score  
while the groom who is also 18 years  
of age, is the son of Mr. William  
Chard, of West Second street and has  
a splendid position with the C. & O.  
Railroad company.

Following the ceremony the happy  
young couple left over the C. & O. for  
Tulsa, Oklahoma, for a wedding trip  
where they will visit the bride's relatives.

The many friends of the happy  
young couple join us in wishing them  
much success and happiness.

### COLORED PEOPLE PLANNING GREAT CELEBRATION

The colored people of the city are  
planning a great Proclamation Day  
celebration which will be held at  
Scott M. E. Chapel next Sunday evening.  
The full program for the day  
will be announced later in these col-  
umns. All colored people are urged to  
prepare now to attend the special ser-  
vice.

### OUT OF TOWN SPEAKERS

Mrs. Anna Lewis of Lexington, and  
Deaconess Almstead of Louisville,  
will address the adult and young peoples  
Missionary Societies at the First  
M. E. Church, South, Wednesday evening  
at 7:30, to which every one is invited.

Rev. H. D. Cooper of Russell will  
stop over here on his way to the annual  
conference at Harlan and preach  
at the Third Street M. E. Church next  
Sunday both morning and evening.

There is more Catarach in this section  
of the country than all other diseases  
put together, and for years it was sup-  
posed to be incurable. Doctors prescribed  
local remedies, and by constantly failing  
to find a cure, the disease, greatly influenced by constitutional con-  
ditions, and therefore requires constitutional  
treatment. Hall's Catarach Medicine,  
manufactured by J. M. Cheney &  
Co., Toledo, Ohio, is a constitutional  
remedy, is taken internally and acts  
thru the blood on the mucous surfaces of  
the system. One Hundred Dollars re-  
ward is offered for any case that Hall's  
Catarach Medicine fails to cure. Send for  
circumstances and testimonials.

F. J. CHENEY & CO., Toledo, Ohio.  
Sold by Druggists, 75c.  
Hall's Family Pill for constipation.

STYLE SHOW WEEK SEPTEMBER 23 TO 26.

## NEW WAR STYLES For Young Men

If anybody stopped a young man on the street with the question,  
"What's the most important thing in a suit of clothes?" he'd probably  
say right off the bat "STYLE."

STYLE certainly is important, but style isn't worth considering  
if you don't get lasting fabrics at the same time, or if it means a  
needless waste of material.

HART, SCHAFFNER & MARX designers have taken care of  
you young men in their fall and winter clothes. We have styles for  
you, good live military models that make the best use of every inch  
of material. And the beauty about style in good clothes is that it lasts.

When you remind your father that you need a new suit, just tell  
him you know where to go for real economy; that will please him,  
and the style will please you.

**Squires-Brady Co.**  
Second and Market Streets  
The Home of Hart, Schaffner and Marx Clothes.

## GREAT NAVAL BAND IS AT LAST COMING TO MAYSVILLE

Bankers Organize For the Fourth Liberty Loan Drive and It Is Announced That the Great Lakes Naval Training Station Band Will Be Here October 8th.

The bankers of Mason county and those who take the lead in the sale of Liberty Bonds held a very important meeting yesterday afternoon when the county was organized for the big bond sale and plans were made for the opening here.

Every bank in the county is represented on the Executive Committee which is composed of the following gentlemen: Messrs. J. N. Kehoe, J. B. Durrett, J. F. Barbour, N. S. Calhoun, H. C. Sharp, W. W. Ball, Jr., C. L. Wood, E. L. Willett, R. L. Turner, S. M. Roff, J. Elgin Anderson and C. M. Devore.

The committee have not as yet decided as to how they will conduct the big campaign in Mason county but they will reach this later.

It was announced at this meeting that the people of Maysville and Mason county besides having the opportunity to see the great Army Trophy Train would also have an opportunity to hear the Great Lakes Naval Training Station Band which was trained by Lieut. John Phillip Sousa, one of the greatest band leaders in the United States.

The Trophy train will be here for two hours on October 4th and the great band of 54 pieces will be here on Tuesday, October 8th. The band will arrive here over the L. & N. at 9:45 in the morning and will leave on the C. & O. accommodation east bound at 2 o'clock in the afternoon.

Arrangements have been made to have a concert on Market street between Second and Third streets between 10:30 and 11:30 o'clock in the morning.

With the band there will be a speaker of much note, who the committee cannot name at this time and at 12:30 o'clock a great mass meeting will be held at the Washington Theater when the big band shall again give a concert and the speaker will make an address.

Other plans for the big drive have not yet been made but it is known that Maysville and Mason county will get a look at everything that the government is showing the people of the country during this Liberty Loan drive.

The bankers report that everything is in good shape for the big drive to begin and they feel certain that old Mason county will do this time just as she has always done in oversubscribing her allotment.

### TEACHERS' EXAMINATION

The last county teacher's examination of the year for white teachers will be held on next Friday and Saturday at the office of County Superintendent Turnipseed. On the following Friday and Saturday the last examination for colored teachers will be held and all of those interested are asked to make arrangements to take these examinations. The county needs many teachers and this is a splendid opportunity for some of our high school graduates.

## SMOKER FOR BUSINESS MEN HELD TONIGHT

Progress of the Membership Campaign Will Be Reported at Meeting to Be Held at the Chamber of Commerce Building this Evening.

There will be a smoker at the Chamber of Commerce this evening at 8 o'clock when the team captains and their workers will gather to make another report of the progress of the campaign for new members to the organization for another year. Reports sifted from the team members on the streets are to the effect that the campaign is progressing rapidly and the live business men of Maysville realize the value and importance of the Chamber of Commerce are signing without little argument from the team members.

Only a few have held back and have refused to renew their membership to the organization for another year and it is thought that these business men will line up with the other live wires of the city before the campaign closes and make it unanimous.

The interest shown in the rivalry between the two sections of the canvassers is growing daily. The team making the highest score computed upon the basis of the number of renewals secured and the number of full paid in advance memberships will be awarded passes to the next annual Corn and Tobacco Fair and this little incentive has caused much interest to be taken in the drive.

The business men who have been in contact with the Chamber of Commerce and who have seen the good that it has accomplished in our city will be continued for another year with the same amount of enthusiasm as has characterized it in the past.

The organization is reaching the place now where it can be of inestimable value to the city of Maysville and to Mason county. A large number of our prominent farmers have taken memberships in the organization and are displaying great interest in its work because during the past few months it has branched out and taken hold of the road problem to assist the farmers in solving the biggest problem that they have ever faced and has been a great assistance in solving this problem.

### DOWN GOES THE PRICE OF POTATOES

Carload of New Michigan Potatoes Received by Local Wholesale Grocer and Wholesale and Retail Prices Drop.

The first carload of new Michigan potatoes arrived in Maysville this morning. They were received by the M. Russell wholesale grocery and immediately Mr. Russell and County Food Administrator Cochran got together and down went the price of potatoes.

In another part of this issue will be found a revised food bulletin just issued by County Food Administrator Cochran. In which he quotes the wholesale price of potatoes at \$3.00 per hundred pounds and the retail price at 34 cents per pound which is the lowest price potatoes have been sold at in Mason county for a long time.

This carload of potatoes will be distributed among the retailers of Maysville and Mason county within the next few days and they will be sold to the consumers at the price fixed by the Administrator.

### PRAYER MEETING

A new leader will be in charge of the prayer meeting service at the Third Street M. E. Church tomorrow evening. Those who have been enjoying the fine meetings under the leadership of these men from the other churches of the city are advised that they have another treat in store at the service tomorrow evening. All members and friends invited.

### CARDINAL FARLEY DEAD

Cardinal John M. Farley, Archbishop of New York, died at his country home near Nanaronee, N. J., last night. The Cardinal was 76 years of age and had been an ordained priest for 48 years. He was one of the most brilliant and beloved Cardinals in the Catholic Church.

### COLORED NEWS

Liberty Court No. 65 will meet this evening at 7:30 o'clock.

M. J. PATTON, W. C.  
Flora B. Hall, R. B.

The rehearsal at Scott M. E. Church will be held Thursday evening at 7 o'clock. Plans will be made for a patriotic meeting.

## TOBACCO INDUSTRY PAYS HEAVY WAR TAX THIS YEAR

Preliminary Report of Commissioner Roper Shows Big Gain in Taxes Paid by Tobacco Industry.

The tobacco manufacturing industry of the United States earned the burden of war taxes well, according to the preliminary report of Commissioner of Internal Revenue Daniel C. Roper, for the fiscal year ended June 30, 1918. Increased receipts from every brand of the industry are recorded, in contrast with the preceding fiscal year, the total collections for the year ended June 30, 1918, having amounted to \$156,188,650.90, a gain of \$63,811,661.76, or 52 per cent. Of the total amount collected in 1918, \$49,107,345.02 is directly attributed to the new war taxes. Thus 31 per cent. of the year's revenue was from that source.

There will be a smoker at the Chamber of Commerce this evening at 8 o'clock when the team captains and their workers will gather to make another report of the progress of the campaign for new members to the organization for another year. Reports sifted from the team members on the streets are to the effect that the campaign is progressing rapidly and the live business men of the city realize the value and importance of the Chamber of Commerce are signing without little argument from the team members.

Only a few have held back and have refused to renew their membership to the organization for another year and it is thought that these business men will line up with the other live wires of the city before the campaign closes and make it unanimous.

There will be a smoker at the Chamber of Commerce this evening at 8 o'clock when the team captains and their workers will gather to make another report of the progress of the campaign for new members to the organization for another year. Reports sifted from the team members on the streets are to the effect that the campaign is progressing rapidly and the live business men of the city realize the value and importance of the Chamber of Commerce are signing without little argument from the team members.
